liebertpub.com
Welcome

Dear Colleague,

Publishing with Passion and Purpose. As a publisher, my passion is identifying areas of inquiry demanding to be brought forth; as a company our purpose is to deliver groundbreaking and innovative journals in these developing fields around the world. Our purpose is to provide content that enables the best outcomes – now and in the future.

Publishing with Passion and Purpose, we launched *Autism in Adulthood* in 2019, a journal that is the first and only exclusive venue dedicated to the urgent issues affecting adults on the autism spectrum; they require new initiatives and resources for this growing and aging population. We also launched *Bioelectricity*, the study of electricity in, around, and among cells. *Bioelectricity* is a foundational component of the biological sciences, and its significance cannot be overstated.

*Cannabis and Cannabinoid Research* belongs in every library collection. Legalization is growing rapidly, and the effects of cannabis need to be fully explored and disseminated.

New in 2020 will be *PHAGE: Therapy, Applications, and Research*; this re-emerging field has new recognition for therapeutic promise for complex medical conditions. *PHAGE* will become the critical resource in the field, advancing the knowledge and development of this area of research and opening doors for new ideas and funding opportunities for researchers and clinicians in the field.

And please remember there is a Mary Ann Liebert at Mary Ann Liebert, Inc. And that makes a difference!

New Journals

**PHAGE: Therapy, Applications, and Research**
Print ISSN: 2641-6530 • Online ISSN: 2641-6549
Frequency: Quarterly
The only peer-reviewed journal dedicated to bacteriophage research and understanding phage biology to develop solutions to the global antimicrobial and antibiotic resistance crises.

**Healthcare Transformation:**
*Artificial Intelligence, Automation, and Robotics*
Print ISSN: 2639-4340 • Online ISSN: 2379-9900
Frequency: Quarterly
The breakthrough peer-reviewed journal dedicated to the advancement of artificial intelligence, automation, and robotics in healthcare, healthcare delivery, education, technology, innovation, and discovery.

**Frequency Increases**

- **BIG DATA**
  Increasing from 4 to 6

- **Breastfeeding Medicine**
  Increasing from 10 to 12

- **Microbial Drug Resistance**
  Increasing from 10 to 12

- **Surgical Infections**
  Increasing from 8 to 10
Bioelectricity

**Dany Spencer Adams, PhD, Editor-in-Chief**

**Michael Levin, PhD, Executive Editor**

**Vol 2 • 4 issues**

Scientists are only beginning to realize the profound effect electricity has in the function and reproduction of cells in humans and animals. By manipulating bioelectricity— the currents and voltages present in biological activities— cancer has been treated, wounds have been healed, and, in some cases, limbs have been regenerated. *Bioelectricity*, the only journal in its field, is a critical publication to add to every life sciences collection. This journal publishes impactful interdisciplinary research that illuminates the essential mechanisms of these incredible advances and has the potential to transform how we study and understand life itself.

**Peer-reviewed**

liebertpub.com/bioe

---

**ASSAY and Drug Development Technologies**

**Bruce Melancon, PhD**

**Vol 18 • 8 issues**

*ASSAY and Drug Development Technologies* is on the forefront of a promising field in which lab automation and bioinformatics are reshaping how new and emerging medicines are discovered, developed, and screened for safety. As new applications for approved drugs evolve rapidly, the journal has expanded to provide a first-of-its-kind section on Drug Repurposing, Rescue, and Repositioning.

**Peer-reviewed**

liebertpub.com/adt

---

**Advances in Wound Care**

**Chandan K. Sen, PhD**

**Vol 9 • 12 issues**

Doctors and public safety personnel are in constant search of the best, cutting-edge treatments for major trauma, including severe burns, deep lacerations, and critical blast injuries, as well as chronic wounds, such as diabetic ulcers. From bedside to battlefield, *Advances in Wound Care* provides the latest, up-to-date research in the wide-ranging field of tissue injury and repair, rapidly disseminating research for use in hospitals and other treatment centers worldwide. An Official Publication of the Wound Healing Society. **Peer-reviewed**

liebertpub.com/wound

---

**Applied In Vitro Toxicology**

**James M. McKim, PhD, DABT**

**Vol 6 • 4 issues**

Important, groundbreaking research on the harmful effects of chemicals, pharmaceutical, and personal care products increasingly takes place in vitro as public outcries against animal testing grow. *Applied In Vitro Toxicology* studies new and alternative testing methods that identify toxic chemical substances in products used by humans every day. The Journal’s findings have also aided industries in their search for the best screening procedures that ensure the safety of therapeutic drugs, food additives, and other products before they hit the market.

**Peer-reviewed**

liebertpub.com/aivt
Biopreservation and Biobanking
Jim Vaught, PhD

As genomics and personalized medicine continue to evolve, the demand for effective biorepositories that store human cellular samples has grown. Biopreservation and Biobanking is the leading journal dedicated to uncovering the latest advancements in procedures that promote cell quality, health, and longevity, allowing researchers access to important biological data on large groups of people. The Journal aims to connect and unify research in the fields of cell procurement, processing, and storage. The Official Journal of the International Society for Biological and Environmental Repositories. Peer-reviewed liebertpub.com/bio

Biotechnology Law Report
Christopher M. Holman, PhD, JD

Innovations in biotechnology are developing rapidly, resulting in biotech patents and legal activity across pharmaceutical, agriculture, food processing, energy, mining, and other highly competitive industries. Biotechnology Law Report delivers analysis of biotech patents and litigation, regulatory and legislative activity, and trade-related aspects of biotechnology from leading national and international experts. Furthermore, the Journal gives exclusive access to more than 30 years of historic developments that inform modern legal cases. Biotechnology Law Report is a recommended resource for attorneys, regulatory professionals, researchers, and others who specialize in biotechnology research or patent law. Peer-reviewed liebertpub.com/blr

Cellular Reprogramming
Sir Ian Wilmut, OBE, FRS, FRSE

The discovery of technologies used to “reprogram” cells has flipped the field of biology upside down, while the prospects of stem cell treatments and cloning become more realistic every day. Cellular Reprogramming is dedicated to discovering new methods of culturing stem cells in all stages of life, from embryo to adult, opening the door to promising therapies for cancer and other diseases, as well as covering the promising yet controversial field of mammalian cloning. Peer-reviewed liebertpub.com/cell

The CRISPR Journal
Rodolphe Barrangou, PhD

CRISPR-based technologies have given scientists the ability to edit genes, creating the potential to eradicate chronic diseases and disabilities. The CRISPR Journal is a pioneering publication dedicated to the study of these new technologies, rapidly producing the most applicable research for clinics, labs, and other institutions that continue to experiment in the field. As discoveries rooted in CRISPR power forward across the globe, the Journal chronicles the impactful milestones reached, and challenges that lie ahead, for this life-changing technology space. Includes monthly companion eNewsletter Briefings in CRISPR and Gene Editing. Peer-reviewed liebertpub.com/CRISPR
Biotechnology and Regenerative Medicine

**Genetic Engineering & Biotechnology News**

*John Sterling*  
**Vol 40 • 12 issues**  
In order to make crucial purchasing and business decisions, life sciences and biotechnology leaders need a trusted voice on the latest advancements in genetic engineering and related technologies. With comprehensive technical articles, coverage of breaking industry topics, and exclusive interviews with key players, *Genetic Engineering & Biotechnology News* is focused on a framework of five central pillars: Drug Discovery, Bioprocessing, OMICS, Translational Medicine, and Genome Editing.

[liebertpub.com/gen](http://liebertpub.com/gen)

**Industrial Biotechnology**

*Larry P. Walker, PhD*  
*Adelheid Kuehnle, PhD*  
**Vol 16 • 6 issues**  
Innovations in industrial and environmental biotechnologies are reshaping the world on a massive scale, from agriculture to forestry and renewable energy. At the intersection of science, business, and policy, *Industrial Biotechnology* studies how transformational bioproducts can enhance the design, development, and execution of brand-new, large-scale industrial processes, while fueling the economy, inspiring research and development, and spurring commercialization. The Official Journal of BIO’s World Congress on Industrial Biotechnology.

[liebertpub.com/ind](http://liebertpub.com/ind)

**Nucleic Acid Therapeutics**

*Bruce A. Sullenger, PhD*  
*Annemieke Aartsma-Rus, PhD*  
*Graham C. Parker, PhD*  
**Vol 30 • 6 issues**  
The future of medicine promises to cure or treat disease by simply turning genes “on” or “off,” or otherwise altering an individual’s genetic function. *Nucleic Acid Therapeutics* is the leading peer-reviewed journal focused on studying nucleic acids, including oligonucleotides, aptamers, RNA nanoparticles, and ribozymes, and how they can be used or modified in a desirable way to edit genes associated with illness. The Official Journal of the Oligonucleotide Therapeutics Society.

[liebertpub.com/nat](http://liebertpub.com/nat)
Before gene therapies can be proven safe and effective, they must be studied from all angles. *Human Gene Therapy* is the only journal to provide comprehensive coverage of the field through three unique parts, which document new processes in which genes can be added, subtracted, or manipulated to heal inherited disorders, treat cancer, and heal infections. The Official Journal of the European Society of Gene and Cell Therapy and eight other international societies.

**Human Gene Therapy**  
*Terence R. Flotte, MD*  
*Nathalie Cartier, MD, Deputy Editor, Europe*  
*Thierry VandenDriessche, PhD, Deputy Editor, Europe*  
*Barry J. Byrne, MD, PhD, Deputy Editor, U.S.*  
*Mark A. Kay, MD, PhD, Deputy Editor, U.S.*  
*Guangping Gao, PhD, Human Gene Therapy Editor*  
The flagship journal provides 12 issues of authentic research into the transfer and expression of genes, as well as innovations in vector development, delivery systems, and animal models.  
[Peer-reviewed](http://liebertpub.com/hgt)

**Human Gene Therapy Methods**  
*Hildegard Büning, PhD, Methods Editor*  
Published bimonthly, *Human Gene Therapy Methods* is the first journal of its kind to focus exclusively on the implementation of technological advancements from the lab to the real world, including product testing, research, and development.  
[Peer-reviewed](http://liebertpub.com/hgt)

**Human Gene Therapy Clinical Development**  
*James M. Wilson, MD, PhD, Clinical Development Editor*  
Published quarterly, *Human Gene Therapy Clinical Development* offers the latest insights and up-to-the-minute data regarding regulatory issues and commercialization of gene therapy technologies.  
[Peer-reviewed](http://liebertpub.com/hgt)
Rapid developments in medicine are expanding the threshold of the human lifespan, allowing people to enjoy longer, healthier lives than ever before. Meanwhile, innovations in tissue engineering and regenerative medicine could fundamentally change the way we age. *Rejuvenation Research* is dedicated to the science of human longevity, including stem cell treatments, gene therapies, and cloning. The Official Journal of the European Society of Preventive, Regenerative and Anti-Aging Medicine (ESAAM) and PYRAMED: World Federation & World Virtual Institute of Preventive & Regenerative Medicine.

**Stem Cells and Development**

Once a controversial field of research, stem cell therapies are now ubiquitous in many areas of medicine as sources of the versatile cells continue to be discovered. Known for its thought-provoking editorial content and balanced coverage, *Stem Cells and Development* stands at the forefront of the latest stem cell research and clinical applications. The Journal is dedicated to studying all tissue types and their potential for stem cell treatments. Topics include embryogenesis, organogenesis, and the role of genetic and epigenetic factors in development. An Official Journal of the British Society for Gene and Cell Therapy.

Meet the needs of your users and maximize your budget with Liebert Journal Collections

**Core Collections:**
- Biotechnology and Regenerative Medicine
- Biomedical Research
- Medicine and Surgery

**Specialized Collections:**
- Environmental Research and Policy
- Integrative Medicine
- Law and Policy
- Nursing
- Public Health Research and Policy
- Surgery
- Technology and Engineering

Tissue engineering and regenerative medicine have the potential to extend human life in ways once thought impossible, such as cultivating lab-grown tissue and creating 3D-printed organs. From scientific research to clinical applications and industrial commercialization, *Tissue Engineering* covers the entire field, including advance manufacturing, bioprinting, nanotechnology, and stem cell biology, through three forward-thinking publications. The Official Journal of the Tissue Engineering and Regenerative Medicine International Society (TERMIS).

### Tissue Engineering

*Antonios G. Mikos, PhD*

*John P. Fisher, PhD*  
Vol 26 • 42 issues

The flagship, providing 24 issues of in-depth coverage on novel biomaterials, biotechnology, cell transplantation, polymer scaffolding, biohybrid organs, blood substitutes, and much more.

Peer-reviewed  liebertpub.com/ten

### Tissue Engineering, Part B: Reviews

*Katja Schenke-Layland, MSc, PhD and Heungsoo Shin, PhD (Part B)*  
Published bimonthly, *Tissue Engineering, Part B: Reviews* provides industry stakeholders with top-quality review articles, concise summaries, and engaging discussion around the latest developments and future directions of life-changing regenerative technologies.

Peer-reviewed  liebertpub.com/ten

### Tissue Engineering, Part C: Methods

*John A. Jansen, DDS, PhD and Xiumei Wang, PhD (Part C)*  
Published monthly, *Tissue Engineering, Part C: Methods* covers the clinical adaptations, procedures, and protocols derived from tissue engineering research, showcasing how advancements in science can be translated into real-world, life-saving treatments.

Peer-reviewed  liebertpub.com/ten
Ongoing research and discoveries in biology and biomedicine are key to combating disease, slowing cognitive decline, and promoting healthy aging. **BioResearch Open Access** is a high-quality journal providing peer-reviewed research on a broad range of scientific topics, including molecular and cellular biology, tissue engineering, regenerative medicine, stem cells, gene therapy, systems biology, genetics, virology, and neuroscience. The journal publishes original research articles, comprehensive review articles, rapid communications, brief reports, technology reports, hypothesis articles, perspectives, and more. **Online Only. Peer-reviewed**

Phone: (914) 740-2100 | Email: sales@liebertpub.com
Biomedical Research

Brain Connectivity

**Paul Edison, MBBS, MRCP, MPhil, PhD, FRCP, FRCP**  Vol 10 • 10 issues

*Brain Connectivity* provides groundbreaking findings from the rapidly advancing field of connectivity research, with an emphasis on brain mapping, modeling, and imaging modalities. This journal focuses on translating research from the lab to the clinic to recognize and treat a broad range of neurodegenerative and psychiatric disorders such as Alzheimer’s disease, dementia, epilepsy, depression, ADHD, PTSD, and stroke.

Peer-reviewed  liebertpub.com/ccr

Cancer Biotherapy and Radiopharmaceuticals

**Martin W. Brechbiel, PhD**  Vol 35 • 10 issues

*Cancer Biotherapy and Radiopharmaceuticals* is the only journal with a specific focus on cancer biotherapy, including detailed coverage of monoclonal antibodies, cytokine therapy, cancer gene therapy, cell-based therapies, and other forms of immunotherapies. The Journal also includes extensive reporting on advancements in radioimmunotherapy, and the use of radiopharmaceuticals and radiolabeled peptides for the development of new cancer treatments.

Peer-reviewed  liebertpub.com/cbr

Cannabis and Cannabinoid Research: The Journal of Record

**Daniele Piomelli, PhD**  Vol 5 • 4 issues

The cannabis debate has never been more relevant as an increasing number of U.S. states worldwide legalize marijuana and mainstream medical professionals tout its benefits. *Cannabis and Cannabinoid Research* is dedicated to the scientific, medical, and psychosocial exploration of clinical cannabis, cannabinoids, and the endocannabinoid system. The Journal publishes basic and translational research and clinical studies, covering behavioral, social, and epidemiological issues as well as ethical, legal, and regulatory controversies. The Official Journal of the International Cannabinoid Research Society.

Peer-reviewed  liebertpub.com/ccc

Maximize Your Budget with Liebert Journal Collections

Flexible Mary Ann Liebert, Inc. journal collections enable you to fulfill the informational needs of your users while providing superior value.

**Complete Collection** • **Core and Specialized Collections** • **Customized Collections**

For complete information contact sales@liebertpub.com
Biomedical Research

DNA and Cell Biology
Carol Shoshkes Reiss, PhD
Vol 39 • 12 issues
Understanding the influence of DNA on our cells holds the key to preventing and treating disease, slowing the aging process, and so much more. DNA and Cell Biology delivers authoritative research on all aspects of molecular and cellular biology with a focus on combining mechanistic and clinical studies. Comprehensive coverage includes gene structure, function, and regulation; molecular medicine; cellular organelles; protein biosynthesis and degradation; cell-autonomous inflammation and host cell response to infection; and more.
Peer-reviewed liebertpub.com/dna

High Altitude Medicine & Biology
Erik R. Swenson, MD
Vol 21 • 4 issues
Studying how human organs, tissues, and biological systems are impacted by high or even moderately high altitudes provides researchers with a wealth of information that can be used to enhance our understanding of human health and the treatment of disease. High Altitude Medicine & Biology is dedicated to the latest advances in high altitude life sciences, including the effects of high altitudes on cardiopulmonary disease, cerebral edema, hypertension, dehydration, infertility, and other diseases. The Official Journal of the International Society for Mountain Medicine.
Online Only. Peer-reviewed liebertpub.com/ham

Journal of Aerosol Medicine and Pulmonary Drug Delivery
Gerald C. Smaldone, MD, PhD
Vol 33 • 6 issues
Aerosol medicine continues to be a rapidly changing field that impacts how medical professionals practice medicine. Journal of Aerosol Medicine and Pulmonary Drug Delivery covers the health effects of inhaled aerosols and the delivery of drugs through the pulmonary system. The Journal addresses such topics as aerosolized chemotherapy, aerosolized vaccines, delivery of aerosolized drugs in intubated patients, and aerosols as tools for studying basic physiologic phenomena. The Official Journal of the International Society for Aerosols in Medicine.
Peer-reviewed liebertpub.com/jamp

JACM: The Journal of Alternative and Complementary Medicine
Paradigm, Practice, and Policy Advancing Integrative Health
John Weeks
Vol 26 • 12 issues
Alternative medicine has become increasingly mainstream as patients search for treatments that provide relief without side effects. JACM is the leading peer-reviewed journal providing scientific research for the evaluation and integration of complementary and alternative medicine into mainstream medical practice. The Journal delivers original research that impacts patient care therapies, protocols, and strategies directly, improving the quality of healing. The Official Journal of the Society for Acupuncture Research.
Peer-reviewed liebertpub.com/jacm

Phone: (914) 740-2100 | Email: sales@liebertpub.com
Computational biology is the field of science that attempts to discover how we can learn from models of biological systems constructed from experimental measurements. *Journal of Computational Biology* delves into the analysis, management, and visualization of cellular information at the molecular level. With coverage ranging from genomics to parallel biological computing, the Journal strikes a balance between in-depth statistical, mathematical, and computational analysis and rigorous evaluation of practical applications. The Official Journal of the International Conference on Research in Computational Molecular Biology (RECOMB). Online Only. Peer-reviewed
Today, perhaps more than ever, people all over the world are thinking about the role food and nutrition plays in promoting health and preventing disease. **Journal of Medicinal Food** is the only journal to focus exclusively on the medicinal value and biomedical effects of food. It delivers original research on the bioactive constituents of food materials, their efficacy, and how food can best be used to promote health and treat and prevent disease. The Official Journal of the Korean Society of Food Science and Nutrition.

**Journal of Neurotrauma**

John T. Povlishock, PhD, Editor-in-Chief  
W. Dalton Dietrich, III, PhD, Deputy Editor

Many people associate neurotrauma with motor vehicle accidents, contact sports, or the battlefield, but neurotrauma is just as likely to occur in less dramatic scenarios such as falls. **Journal of Neurotrauma** focuses exclusively on traumatic brain and spinal cord injury, with coverage ranging from the pathobiology of injury to the central nervous system, to clinical trials aimed at improving long-term care and recovery of traumatically injured patients. The Official Journal of the National Neurotrauma Society and the International Neurotrauma Society.

**Journal of Ocular Pharmacology and Therapeutics**

W. Daniel Stamer, PhD

Maintaining eye health and preventing ocular disease is becoming increasingly important as modern medicine and healthier lifestyles are helping us live longer. **Journal of Ocular Pharmacology and Therapeutics** is the only journal to span the disciplines of ophthalmology and pharmacology to provide basic and clinical research of biopharmaceuticals that have the potential to prevent, treat, and/or diagnose ocular diseases and disorders. The Official Journal of the Association for Ocular Pharmacology and Therapeutics and the International Symposium on Ocular Pharmacology and Therapeutics Clinical.

**Lymphatic Research and Biology**

Stanley G. Rockson, MD

Lymphatic research may hold the key to unlocking treatments for diseases such as AIDS, diabetes, heart disease, rheumatoid arthritis, cancer, and lupus. **Lymphatic Research and Biology** provides a forum for leading biomedical investigators to deliver the latest research in lymphatic biology and pathology from a broad range of disciplines including genetics, biochemistry, biophysics, cellular and molecular biology, physiology and pharmacology, anatomy, developmental biology, and pathology. In addition, the Journal covers topics such as vasculogenesis and angiogenesis, the genetics of lymphatic disorders, muscle cell biology, interstitial signaling mechanisms, and more. The Official Journal of the Lymphatic Education & Research Network.
Metabolic Syndrome and Related Disorders

Adrian Vella, MD

Vol 18 • 10 issues

Metabolic syndrome is precursor to a wide range of cardiovascular diseases that can be reversed or mitigated if recognized early enough. *Metabolic Syndrome and Related Disorders* offers research, data, and commentary on the pathophysiology, recognition, and treatment of metabolic syndrome. Coverage includes insulin resistance, central obesity, glucose intolerance, dyslipidemia, HDL- and LDL-cholesterol, and hypertension. The Journal gives special focus to such disorders as type 2 diabetes, cardiovascular disease, stroke, cancer, and fatty liver.

Peer-reviewed liebertpub.com/met

Microbial Drug Resistance

Alexander Tomasz, PhD

Vol 26 • 12 issues

The spread of drug-resistant bacteria and viruses around the globe is widely documented among scientific and medical communities. *Microbial Drug Resistance* provides a multidisciplinary forum covering the mechanisms of antibiotic resistance, the molecular epidemiology of drug-resistant pathogens, and the impact of resistance on disease and chemotherapy. In addition, this journal provides peer-reviewed, multidisciplinary research on drug design, infection control, and medical practice, as well as regular topical reviews and special reports.

Peer-reviewed liebertpub.com/mdr

Monoclonal Antibodies in Immunodiagnosis and Immunotherapy

Zenon Steplewski, MD, PhD

Vol 39 • 6 issues

The importance of the human body’s immune system cannot be overstated as it plays a role in preventing a range of maladies from the common cold to cancer and may even be a factor in the development of disorders not traditionally viewed as immunologic, such as Alzheimer’s Disease. *Monoclonal Antibodies in Immunodiagnosis and Immunotherapy* offers research, articles, and short communications that advance the understanding of immune responses and the use of immunological methods for therapeutic purposes. The Journal also presents current findings in the development and characterization of monoclonal antibodies across all therapeutic areas. **Online Only.**

Peer-reviewed liebertpub.com/mab

OMICS: A Journal of Integrative Biology

Vural Özdemir, MD, PhD, DABCP

Vol 24 • 12 issues

OMICS is a truly 21st century approach to the study of science—trans-disciplinary, data-driven, and viewed through a post-genomics lens. *OMICS: A Journal of Integrative Biology* is the only peer-reviewed journal covering all OMICS-related areas, including data standards and sharing; applications for personalized medicine and public health practice; and social, legal, and ethics analysis. In addition, OMICS publishes reports on methods and resources underpinning integrative research, including but not limited to bioinformatics, computational biology, data standards, data sharing, biobanks, cloud computing, and more.

Online Only. Peer-reviewed liebertpub.com/omi

Visit liebertpub.com for information
PHAGE: Therapy, Applications, and Research

Martha Clokie, PhD

Vol 1 • 4 issues

The therapeutic use of bacteriophages first emerged more than a century ago but waned in the West with the advent of antibiotics. Now, with antibiotic resistance identified as an urgent public health crisis, phage therapy has reemerged as a key to treating and preventing antibiotic-resistance infections. **PHAGE: Therapy, Applications, and Research** is the only peer-reviewed journal dedicated to fundamental bacteriophage research and its applications in medicine, agriculture, aquaculture, animal production, food safety, and food production. The Journal is dedicated to defining the roles of phages in all facets of microbiology and microbial ecology, and exploring their potential to manipulate bacterial communities and treat infection.

Peer-reviewed  liebertpub.com/PHAGE

Systems Medicine

H.H.H.W. Schmidt, MD, PhD, PharmD
Jan Baumbach, PhD

Vol 3 • Continuous Publication

**Systems Medicine** is an open access, online-only journal focusing on interdisciplinary approaches to exploiting the power of big data by applying systems biology and network medicine. The Journal publishes basic science, translational, and clinical studies in the form of original research articles, comprehensive review articles, rapid communications, and more. The Journal collaborates with the European Cooperation in Science and Technology (COST), European Association for Systems Medicine (EASyM), and Italian Association for Systems Medicine and Healthcare (ASSIMSS), Online Only. Peer-reviewed  liebertpub.com/sysm

Viral Immunology

David L. Woodland, PhD

Vol 33 • 10 issues

The field of viral immunology seeks to make new discoveries about how cells and organisms defend against viruses. **Viral Immunology** delivers the latest research on rare, emerging, and under-studied viruses, with special focus on analyzing mutual relationships between viruses and immune systems. The Journal offers original research, reviews, and commentaries on topics such as viral vaccines, viral pathogenesis, viral diagnostics, tumor and cancer immunology, as well as therapeutics and immunomodulators.

Peer-reviewed  liebertpub.com/vim

Zebrafish

Stephen C. Ekker, PhD

Vol 17 • 6 issues

Due to its prolific reproduction and the external development of the transparent embryo, the zebrafish is a prime model for genetic and developmental studies. **Zebrafish** is the only journal dedicated to the role of zebrafish and other aquarium species in the study of vertebrate development, evolution, toxicology, and human disease. Coverage includes comparative genomics and evolution, genetic analysis of embryogenesis and disease, and new methods, tools, and experimental approaches.

Peer-reviewed  liebertpub.com/zeb
Bariatric Surgical Practice and Patient Care
Edward Lin, DO, MBA, FACS, AGAF
Vol 15 • 4 issues
Bariatric surgeries have produced life-changing results as obesity becomes more prevalent around the world. Bariatric Surgical Practice and Patient Care covers technological innovations in surgical procedures and patient care to reduce complications and improve outcomes during bariatric surgeries, allowing individuals struggling with obesity to live healthier lives. Coverage includes quality outcomes measurement and reporting; process innovations and care delivery; surgical complications; pre-surgical diagnosis and consultation; and pre-op, peri-op, and post-op standards of practice. Peer-reviewed liebertpub.com/bari

Autism in Adulthood
Christina Nicolaidis, MD, MPH
Vol 2 • 4 issues
People living on the autism spectrum are faced with unique challenges as they come of age, transition into adulthood, and establish long-term and more independent living situations. Using in-depth research, analysis, and discussions, Autism in Adulthood aims to foster dialogue and awareness around the most urgent issues affecting adults on the autism spectrum. The Journal is dedicated to covering the best practices and interventions when caring for adults of all ages, from early adulthood to later in life. Peer-reviewed liebertpub.com/aut

Alternative and Complementary Therapies
Robert Rountree, MD
Vol 26 • 6 issues
Alternative medicine has blossomed from fringe research to proven science, verifying that natural substances, unconventional therapies, and age-old techniques are effective in combination with traditional medicine. With profiles of leading experts and trending treatments, Alternative and Complementary Therapies studies the beneficial effects of yoga, massage therapy, acupuncture, plant-based and natural medicine, Chinese medicine and other lesser known practices. The Journal is the leading resource for professionals analyzing and integrating alternative care into clinical settings. liebertpub.com/act

AIDS Patient Care and STDs
Jeffrey Laurence, MD
Vol 34 • 12 issues
Researchers are on the cusp of breakthrough treatments for HIV and AIDS. The leading clinical journal for over 30 years, AIDS Patient Care and STDs spans the full spectrum of adult and pediatric HIV disease, diagnosis, treatment, prevention, and education. Topics include AIDS medications, therapies, and antiretroviral agents; related diseases, infections, and complications; challenges of medication adherence; current prevention techniques; and more. Peer-reviewed liebertpub.com/apc
Long known as a chronic, permanent disease, recent research on diabetes has yielded discoveries promising to make the illness more manageable and, in some cases, curable. Diabetes Technology & Therapeutics is dedicated to covering the latest insulin delivery methods, monitoring processes, pharmaceutical treatments, and advancements that could diminish or eradicate lingering symptoms of the disease. The Official Journal of the International Conference on Advanced Technologies & Treatments for Diabetes (ATTD). Includes companion eNewsletter Diabetes Technology Connection. Peer-reviewed liebertpub.com/DTT

Phone: (914) 740-2100 | Email: sales@liebertpub.com
Children and teenagers living with psychological disorders are in need of the newest medications which allow them relief to grow and develop without debilitating side effects. With an emphasis on the most effective pharmacological treatments, *Journal of Child and Adolescent Psychopharmacology* is dedicated to heightening our understanding of the complexities of the young human brain, as well as the clinical and biological challenges of treating children with psychotropic medications.
Minimally invasive procedures have produced new ways to diagnose, treat, and operate on individuals living with urological diseases. The flagship *Journal of Endourology* is world-renowned for its findings, which place an emphasis on improving patient care while more effectively treating infectious diseases and other illnesses based in the urinary tract.

**Journal of Endourology**  
*Ralph V. Clayman, MD*  
*Arthur D. Smith, MD*  
Vol 34 • 22 issues

With new developments in the field of urology happening every day, professionals require a forum to share unique and informative case reports dealing with the operation and care of patients with urological diseases. *JE Case Reports* serves as a medium to foster discussion among urologists, clinicians and residents, among other professionals.

**Journal of Endourology Case Reports**  
*Ralph V. Clayman, MD*  
*Arthur D. Smith, MD*

New technologies and techniques allow doctors to minimize the impact of gynecological surgeries, producing more desirable outcomes through minimally invasive procedures. *Journal of Gynecologic Surgery* focuses on advancements or replacements for the most common procedures, including conventional and laser surgeries, transvaginal screenings, and in vitro fertilization, among many others. With comprehensive coverage of all aspects of operative gynecology, the Journal is a critical resource for OB/GYNs and other professionals working in women’s health.

**Journal of Gynecologic Surgery**  
*Michael S. Baggish, MD*  
Vol 36 • 6 issues

This first-of-its-kind video companion provides an inside look for doctors to view and analyze cutting-edge, microinvasive procedures they wish to incorporate into their clinical and surgical practices. *Videourology* is an online-only resource that offers industry stakeholders hand-selected content from the AUA core curriculum.

**Videourology™**  
*Mantu Gupta, MD*
Pancreatic cancer is tough to detect and is known to spread rapidly, requiring urgent and innovative screening, treatment, and patient care practices. *Journal of Pancreatic Cancer* is the only peer-reviewed journal dedicated only to research on cancer in the pancreas and the peripancreatic region. The Journal covers all aspects of the life-threatening disease, from diagnosis to therapy, patient care, and prevention, serving as a leading resource for specialists treating unique or serious cases of pancreatic cancer.

Online Only. Peer-reviewed liebertpub.com/pancan
Medical Acupuncture
Richard C. Niemtzow, MD, PhD
Vol 32 • 6 issues
From traditional Chinese medicine to 21st century clinics, acupuncture continues to be the top alternative treatment for body pain, stress relief, and other physical and mental discomforts. Medical Acupuncture publishes peer-reviewed, evidence-based studies, case reports, and other findings showing how acupuncture can effectively be administered in combination with traditional clinical services. The Journal delivers influential content sought after by physicians incorporating alternative medicines into their practice. The Official Journal of the American Academy of Medical Acupuncture.

LGBT Health
William Byne, MD, PhD
Vol 7 • 8 issues
As society becomes more attuned to the unique issues facing lesbian, gay, bisexual, and transgender people, awareness has risen around the LGBT community’s need for personalized medical treatment and health strategies. LGBT Health is the top source for news, legislation, and research affecting the health of LGBT people, including the newest ideas, trends, and procedures in the emerging field. The Journal is referenced by researchers, clinicians, academics, and policy makers aiming to innovate healthcare delivery and improve outcomes for the LGBT community.

Pediatric Allergy, Immunology, and Pulmonology
Mary Cataletto, MD, MMM
Vol 33 • 4 issues
Allergic, respiratory, and immunological disorders are intertwined when present in children, providing a complex path toward diagnosis and treatment for pediatric practitioners. Pediatric Allergy, Immunology, and Pulmonology is the only journal covering how these branches of medicine intersect to affect children. With an eye on child health and wellbeing, the Journal is specifically dedicated to exploring how these health issues obstruct the physical, mental, and social development of young people.

Journal of Women’s Health
Susan G. Kornstein, MD
Vol 29 • 12 issues
More women are becoming aware of the importance of personalized medicine to ensure their long-term health and happiness. Journal of Women’s Health covers the distinctive biology of women, as well as best practices for diagnosis, treatment, and research of illnesses, diseases, and disorders uniquely affecting the female body. The Journal also focuses on new trends, technologies, and techniques with promising applications in the field. The Official Journal of the Academy of Women’s Health and the Society for Women’s Health Research.
Therapeutic Hypothermia and Temperature Management

W. Dalton Dietrich, III, PhD

If consistently monitored in a clinical setting, the regulation of body temperature has proven effective in response to cardiac arrest, brain and spinal cord injuries, and other emergency situations. *Therapeutic Hypothermia and Temperature Management* explores the benefits and complications of significantly lowering body temperature for some period of time. The Journal is a leading resource for physicians considering this technology to improve survival rates and brain function in patients with traumatic injuries.

Peer-reviewed      liebertpub.com/ther
**Medicine and Surgery**

*Thyroid, Clinical Thyroidology, and VideoEndocrinology* provide a combination of original, peer-reviewed research, industry commentary, and video coverage of the most impactful developments in surgical and diagnostic imaging techniques to thyroid and endocrine disorders. The Official Journal of the American Thyroid Association.

### Thyroid

*Electron Kebebew, MD, FACS*

Vol 30 • 28 issues

Disorders of the thyroid and endocrine system can result in harmful chemical imbalances in the human body. *Thyroid* is the premier journal for original articles, patient-focused reports, and translational research on thyroid cancer and all thyroid-related diseases. The Journal delivers the latest findings on topics from primary care to clinical application and is the exclusive source for the authoritative and updated American Thyroid Association (ATA) Guidelines for Managing Thyroid Disease.

Peer-reviewed [liebertpub.com/thy](http://liebertpub.com/thy)

### Clinical Thyroidology®

*Angela M. Leung, MD*

*Clinical Thyroidology*® is the highly valued monthly abstract and commentary publication providing a broad-ranging look at the clinical thyroid literature. Experts in the field summarize the most cutting-edge articles that clinicians should know about and provide insight into the relevance and impact of each article on patient care.

Online Only [liebertpub.com/thy](http://liebertpub.com/thy)

### VideoEndocrinology™

*William B. Inabnet III, MD*

Doctors often rely on high-definition recordings of new surgical and diagnostic techniques to treat a broad array of endocrine disorders. *VideoEndocrinology™* is an essential resource delivering high-definition videos of cutting-edge surgical and diagnostic imaging techniques and technologies for treating thyroid, parathyroid, pancreatic, pituitary, and adrenal tumors and diseases, with minimally invasive, robotic, and open surgical procedures.

Online Only. Peer-reviewed [liebertpub.com/thy](http://liebertpub.com/thy)

### Transgender Health

*Robert Garofalo, MD, MPH*

Vol 5 • Continuous Publication

Transgender people have a unique range of healthcare needs being discovered as more researchers examine this field of patient care. *Transgender Health* is the only open access journal dedicated to disseminating research and clinical studies focused solely on transgender and transitioning individuals. From early age to later in life, the Journal addresses lapses in research, promotes equality, and adds to the growing foundation of healthcare research on this minority community.

Online Only. Peer-reviewed [liebertpub.com/trgh](http://liebertpub.com/trgh)

3D Printing and Additive Manufacturing

Skylar Tibbits

Vol 7 • 6 issues

3D printing technology is evolving at an increasingly rapid pace and impacting a wide range of industries including medicine, education, food, and architecture. *3D Printing and Additive Manufacturing* is the only journal to explore the emerging challenges, opportunities, and implications of 3D printing and related technologies. Coverage ranges from such technical topics as processes, materials, and design tools to questions around ethical and legal issues such as intellectual property rights, data standards, safety and liability, environmental impact, and more.

Peer-reviewed  liebertpub.com/3DP

Big Data

Zoran Obradovic, PhD

Vol 8 • 6 issues

*Big Data* provides a forum for researchers, academics, analysts, and others to investigate the challenges and opportunities that come with collecting, storing, protecting, analyzing, and disseminating this incredible amount of information in ways that benefit society, industry, academia, and government. Spanning a broad array of disciplines, the Journal covers topics such as pervasive computing, new data technologies, data privacy, business intelligence, data infrastructure, and more.

Peer-reviewed  liebertpub.com/big

New Space

The Journal of Space Entrepreneurship and Innovation

Ken Davidian

Vol 8 • 4 issues

*New Space* is the only international peer-reviewed journal dedicated to academic, industry, and government contributions to space entrepreneurship and innovation. The Journal also serves as a forum for the identification and discussion of innovative applications of new space-based technologies that can be used benefit society and improve the way we live. The Official Journal of The Center of Excellence for Commercial Space Transportation.

Peer-reviewed  liebertpub.com/space

Soft Robotics

Barry Trimmer, PhD

Vol 7 • 6 issues

There is an increasing need for robots to be able to safely function within unpredictable environments such as emergency rooms, assembly lines, and on the battlefield. *Soft Robotics*, the #1 robotics journal, is dedicated to publishing research on new approaches to constructing devices that can undergo dramatic changes in shape and size to adapt to various environments. Multidisciplinary in scope, the Journal combines advances in biomedical engineering, biomechanics, mathematical modeling, flexible electronics, biopolymer chemistry, computer science, and tissue engineering to deliver a comprehensive view of the applications and advancements of soft robotics.

Peer-reviewed  liebertpub.com/SoRo
Environmental Engineering Science

*Catherine A. Peters, PhD*  
*Vol 37 • 12 issues*

It’s no secret that we’ve got a multitude of environmental challenges in front of us that need to be addressed immediately if we want to ensure the health and survival of the planet and the human species. *Environmental Engineering Science* explores innovative solutions to air and water pollution, land contamination, and waste management. The Journal provides ample coverage of timely, relevant topics such as climate change, environmental risk assessment and management, green technologies, environmental policy, environmental economics, and sustainable development. The Official Journal of the Association of Environmental Engineering & Science Professors. **Online Only.**  
Peer-reviewed  liebertpub.com/ees

Environmental Justice

*Sylvia Hood Washington, PhD, MSE, MPH*  
*Vol 13 • 6 issues*

Environmental justice is an important part of the struggle to improve and maintain a clean and healthful environment, especially for those who have traditionally lived closest to sources of pollution. *Environmental Justice* explores the adverse and disparate health impact and environmental burden that affects marginalized populations worldwide, from sociological, historical, legal, scientific, economic, and political perspectives. It explores the equitable treatment of all people, especially minority and low-income populations, with respect to the enforcement of environmental laws, regulations, and policies. The Journal facilitates open dialogue among the many stakeholders involved in environmental justice such as communities, industry, academia, government, and nonprofit organizations.  
Peer-reviewed  liebertpub.com/env

Sustainability: The Journal of Record

*Jamie Devereaux*  
*Vol 13 • 6 issues*

We must embrace sustainability if we are going to restore and maintain Earth’s biodiversity and ecosystems. *Sustainability: The Journal of Record* provides reporting on the implementation of sustainability programs, initiatives, and practices in higher education and industry. The Journal serves as the central forum for academic institutions, the business community, government agencies, and leaders of green-collar endeavors to share and learn about each other’s progress and programs. Published in collaboration with the Association for the Advancement of Sustainability in Higher Education.  
Peer-reviewed  liebertpub.com/sus

Maximize Your Budget with Liebert Journal Collections

Flexible Mary Ann Liebert, Inc. journal collections enable you to fulfill the informational needs of your users while providing superior value.

Interactive technologies, the Internet, social networking sites, multimedia, and virtual reality have been recognized as among the most influential achievements of the past two decades, markedly impacting human behavior and society. **Cyberpsychology, Behavior, and Social Networking** provides authoritative research on understanding both the positive and negative social, behavioral, and psychological effects of today’s social networking platforms and practices, including Twitter, Facebook, computer games and gaming, e-commerce and shopping, cybertherapy and rehabilitation, e-health communication, and more. The Official Journal of the International Association of CyberPsychology, Training & Rehabilitation (iACToR). **Peer-reviewed** liebertpub.com/cyber

There is mounting evidence that spending time outside in nature can help improve the mental and physical health of human beings as individuals and as a species. **Ecopsychology** seeks to broaden the scope of modern psychology by exploring the links between our natural world, mental health, societal health, and the health of the planet. The Journal’s main premise is that human psychology cannot be studied without also considering the ways in which we connect to our natural environment. Against this backdrop, **Ecopsychology** publishes original scientific research, theoretical papers, case studies, book reviews, and more. **Online Only. Peer-reviewed** liebertpub.com/eco

Violence, among the most significant health problems today, causes death and injury as well as harm, fear, and trauma to families and communities. **Violence and Gender** provides a vital resource and forum for examining biological, genetic, behavioral, psychological, racial, ethnic, and cultural factors as they relate to the gender of perpetrators of violence, and exploring the difficult issues that are vital to threat assessment and the prevention of violence. Through peer-reviewed research, roundtable discussions, case studies, and other original content, this is the only peer-reviewed journal that focuses on the role of gender in the understanding, prediction, and prevention of acts of violence. The Official Journal of the Avielle Foundation. **Peer-reviewed** liebertpub.com/vio

Foodborne Pathogens and Disease
Stephen P. Oliver, PhD
Vol 17 • 12 issues
Food production and distribution involve far-reaching and complex global networks, contributing to the risk of widespread epidemics if this system produces contaminated food. Spanning an array of issues from “farm-to-table,” Foodborne Pathogens and Disease bridges the gap between science and policy to reduce the burden of foodborne illness. The Journal covers a range of topics, including emerging pathogens; agroterrorism; the safety of organically grown and genetically modified foods; and strategies to rapidly detect, destroy, or control foodborne pathogens in food production and processing. Peer-reviewed liebertpub.com/fpd

Health Equity
Ana E. Núñez, MD
Vol 4 • Continuous Publication
Inequalities in population health as well as social, economic, and environmental determinants, are a significant public health concern. Gaps in healthcare among vulnerable children, families, and communities are pervasive and increasing. Health Equity provides authoritative information about health disparities and health equity ranging from translational research to prevention, diagnosis, treatment, and management of disease and illness toward the goal of optimal outcomes and ultimately health equity for all. Includes companion eNewsletter Briefings in Health Equity. Online Only. Peer-reviewed liebertpub.com/heq

Health Security
Thomas V. Inglesby, MD
Vol 18 • 6 issues
Health security as a public health concept has become an issue of growing importance, underscored by both national and international concerns posed by internal and external threats. This interdisciplinary Journal provides peer-reviewed research and essential guidance for the protection of people’s health after epidemics or disasters and for ensuring that communities are resilient to major challenges. Health Security explores the issues posed by disease outbreaks and epidemics; natural disasters; biological, chemical, and nuclear accidents or deliberate threats; foodborne outbreaks; and other health emergencies. Peer-reviewed liebertpub.com/hs

Health outcomes are primarily associated with determinants outside the mainstream parameters of healthcare delivery, including health behaviors; social, cultural, and economic factors; and physical and environmental factors. Focusing on health at the population rather than individual level, *Population Health Management* provides comprehensive information and strategies for improving the systems and policies that impact healthcare affordability, availability, and accessibility and in turn contribute to health equity, healthcare quality, and optimal health outcomes. The Official Journal of the Population Health Alliance.

Peer-reviewed

liebertpub.com/pop

The animal-human interface has increasingly been documented as the source for potential epidemics, exacerbated by the growing popularity of intercontinental travel associated with trade, tourism, eco-adventure, and volunteerism. Contributing to the complex nature of the human-animal interface are the pervasive effects of climate change, anthropogenic, and natural factors. *Vector-Borne and Zoonotic Diseases* is dedicated to the transmission, diagnosis, management, and prevention of diseases transmitted to humans by invertebrate vectors and non-human vertebrates, covering basic and applied research. The Official Journal of SocZEE - Society for Zoonotic Ecology and Epidemiology.

Innovations in biotechnology are developing rapidly, resulting in biotech patents and legal activity across pharmaceutical, agriculture, food processing, energy, mining, and other highly competitive industries. 

**Biotechnology Law Report** delivers analysis of biotech patents and litigation, regulatory and legislative activity, and trade-related aspects of biotechnology from leading national and international experts. Furthermore, the journal gives exclusive access to more than 30 years of historic developments that inform modern legal cases. **Biotechnology Law Report** is a recommended for resource for attorneys, regulatory professionals, researchers, and others who specialize in biotechnology research or patent law. Peer-reviewed liebertpub.com/blr

**Election Law Journal**

**Rules, Politics, and Policy**

**David Canon**

Today’s political climate has citizens, media figures, and lawmakers around the globe questioning modern election procedures and calling for election reform. **Election Law Journal** provides coverage of election law, policy, and administration from the federal to the local level, with analysis from scholars and experts in the fields of law and political science. The Journal also gives access to electoral developments and reforms throughout history that are impacting international elections to this day. **Election Law Journal** is an informative resource for election officials, campaign fundraisers, political consultants, political science faculty, and politicians at every level of government. Peer-reviewed liebertpub.com/elj

**Gaming Law Review**

**Economics, Regulation, Compliance & Policy**

**Sue Schneider**

Gaming law has always been a complex legal specialty, but the introduction of Internet and wireless gaming within the United States, Native American territories, and more than 75 countries in recent decades has only increased the complexity exponentially. **Gaming Law Review** presents the latest developments in legislation, regulation, and judicial decisions affecting gaming around the world. As the first journal focused on this specialized area of law, it provides exclusive access to historic and current developments that are impacting legal cases to this day. The Journal is cited more often by legal courts than any other gaming law journal. Peer-reviewed liebertpub.com/glr2
